

Summer Art

Does your child like making art? I am Miss Diane, a Newark Public School art teacher during the regular school year, and the WLB recreation camp art teacher for the last several summers. Art class is offered as an extra class during the regular camp session. The art classes are 40 minutes each, twice a week, for the length of the summer camp session. The cost is \$65.00 per camper. Classes are typically held on Tuesday and Thursday mornings between 9am-12pm, with extra days added according to enrollment numbers. Although the sessions are broken down by grade level, some grade levels may be combined depending on class size. Also, students are free to join any 2 sessions per week that accommodates their scheduling needs, regardless of age, and they can make up any missed classes as needed. The art room is a calming place with air-conditioning; a nice respite from all the busy outdoor activities. The art program is a comprehensive overview of art genres and art mediums. The students will learn about artists, art history and art techniques. They will design and create 2 and 3 dimensional works of art tailored to their interests. Past projects include surfboard designs, wave paintings, and underwater scenes. The campers use air-dry clay, oil pastels, watercolor and acrylic paints, and sometimes a combination of mediums. I can't wait for the fun to begin. Please contact me with any further questions or special scheduling needs.

Best Regards,

Diane DeFazio
